## FULLSTACK DEVELOPER

I am a Fullstack Developer with a focus on **ReactJs** for responsive UIs and strong skills in **JavaScript**, **HTML**, and **CSS**. I craft engaging front-end experiences that boost user satisfaction. On the back-end, I excel in **Java** and **Advanced Java**, backed by expertise in **Collection Framework** and **Hibernate**. This ensures robust, scalable, and efficient applications.

---

## SKILLS

### ➤ Web Technology

#### ◆ HTML/CSS

creating websites for both desktop and mobile devices, responsive design and user-friendly experiences.

#### ◆ JavaScript

Document Object Model (DOM), Browser Object Model (BOM), object-oriented programming (OOP) concepts. Map, filter, reduce methods, handling promises, async, and await for asynchronous programming.

#### ◆ ReactJs

SPA (single page application), Jsx components, fragmenting, formatting, rendering of component, Events, types of component, hooks, dependencies.

### ➤ Core Java

Java fundamentals, object-oriented programming (OOP) concepts, method overloading, method overriding with packages and collections. Exception handling, custom exception, multithreading, multiprocessing, file handling.

### ➤ Advance Java (J2EE/JDBC)

JAR files, JDBC API, and JDBC drivers for establishing robust connections between Java applications and database servers. Managing costly resources, employing Statement, PreparedStatement, and CallableStatement for database interactions.

### ➤ Java Framework

#### • Hibernate

POJOs, ORM, Hibernate, HQL, mapping, and JPA with Annotations.

### ➤ SQL/Postgresql, Oracle Sql

DDL, DML, TCL, DCL, DQL. Functions - character functions, character manipulation. Table joins and groups, Sub Query, rowid, rownum, normalization, views.

### ➤ Soft Skills

Beyond academics, my soft skills include effective communication and the ability to connect with people easily. I enjoy travelling and engaging in conversations with new individuals, always eager to learn new skills from diverse perspectives.

## EDUCATION

### Maulana Abdul Kalam Azad University of Technology, 2023

Bachelor of Technology (B.Tech) in Computer Science and Engineering.

CGPA: **8.98**

### West Bengal Board of Higher Secondary Council

Higher Secondary

Percentage: **63.4**

### West Bengal Board of Secondary Education

Matriculation

Percentage: **74.5**

---

## PROJECTS

### Created a E-commerce website using reactjs with CRUD operations

Jan 2024 - feb 2024

Developed a website using **ReactJs**. Implemented hooks, navigation, and fetching methods. Created a login page with a signup option. Enabled CRUD operations for products: Add new products to the database. Update product details. Delete products. Utilized Axios for API calls to fetch product information.

**Game-playing website.****Aug 2023**

Features two players, each with their dice. The player with the higher dice value wins.  
Tool used-HTML,CSS,JAVASCRIPT.

**Designed a clone of Zepto application.****Oct 2023**

created a clone of Zepto application website using **HTML,CSS**.

**Scientific Calculator.****Nov 2023**

Created a responsive web-based scientific calculator ,enabling users to perform complex mathematical calculations easily.
